

1.write a javascript program for given below :

input= "ch_ai_ta_ny_a"

output : ChAiTaNyA

```
var a= "ch_ai_ta_ny_a";  
    var s="";  
    for(i=0;i< a.length;i++)  
    {  
        if (a[i]=="_") {  
            i++;  
            s=s+a[i].toUpperCase();  
        } else {  
            s=s+a[i];  
        }  
    }  
    console.log(s);
```

2.write a js program to find the sum of natural numbers :

input =100

=>by using function:

```
num=100;  
function hello(n)
```

```
{  
  return (num * (num+1))/2;  
}  
console.log(hello(num));  
output:5050
```

=>by forloop:

```
num=100;  
sum=0  
for(i=0;i<=num;i++){  
  sum=sum+i  
}  
console.log(sum)  
  
output:5050
```
